An ample appropriation will dered Milam Williams, confessed to Walsh the drafts given to him by having been one of the party. He Price, who would be here to-day says that he, Bill Harris and Dan He also offered to prove that Brady from his house and after they got and that Walsh him into the woods near the fair \$10,000 with Hatch & Foote of New grounds, determined to know where York, to Brady's credit. down and choking him with a rope.

Williams then told them his money Walsh against Brady, and asserted them to go to the place and see. They were convinced he spoke the truth, and then Dan Henderson and Jerry, in spite of the protestations of Harris, cut the helpless old man's throat, on the theory that dead men tell no tales. Williams was an honest and economical old negro, and had saved about \$800 which he was always bragging about. His murderers did amount of Ivory, number of skins and quantity of oil obtained from the older members of the saurian family are sufficient to entitle them to a high place among the products of the state.

The hunters sell young "gators" at \$25 per hundred, and the dealer from 75 cents to \$1 each. Live alligators two years old represent to the captor of the save time to get the money, which was found by officers to-day. All three participants are in jail.

Mayor Baker has nominated and the city council have ratified the nomination of M. Tryon for city as about \$800 which he was always bragging about. His murderers did not have time to get the money, which was found by officers to-day. All three participants are in jail.
